

BUBBLE WASH GEL

Description:

Bubble Wash Gel by Fra-Ber is a **concentrated dishwasher detergent and rinse aid** that combines cleaning power for stubborn dirt with a sparkling effect on dishes, even for short, low-temperature wash cycles. Main features:

- **2-in-1 product:** dishwasher detergent for washing or pre-washing dishes, plates, pots, containers and glassware with a sparkling effect;
- **Extra shine:** the product is formulated to ensure dry and sparkling dishes and glasses at the end of the dishwasher wash and dry cycle;
- **Power gel:** the product is supplied in a fast-dissolving, concentrated gel format with strong cleaning power, designed to be effective on tough residue such as dried foodstuffs, leaving dishes sparkling;
- **Glass-saving action:** a special inhibitor protects the shine of your glassware for longer;
- **Multi-format:** it is available in a 750 ml format and a 5 L can format;
- **Citrus fragrance:** it leaves a pleasant scent after each application;
- **No added EDTA / NTA / phosphorous*:** it is formulated taking into account the most environmentally hazardous substances to be avoided, such as EDTA, NTA and phosphorous.

*May contain traces

Direction for use:

We recommend using Bubble Wash Gel as a dishwasher detergent and rinse aid.

Main dosages:

- **For household dishwashers:**
 - Dose the product in the special container.
 - For normal to heavily soiled dishes, use 24 ml/cycle;
 - For lightly soiled dishes, use 15 ml/cycle;
- **For industrial dishwashers:**
 - The product is dosed through the dishwasher's integrated dosing system or through the programmable dosing units.
 - The dosage values can vary from 1 to 4 grams per litre of water depending on the water hardness, soiling level and type of dishwasher. See the table below for more details;
 - See the instructions for use of the machine manufacturer;
 - The dosing devices and relative piping must be thoroughly cleaned after each time the product is changed;

Water hardness	Dilution
Soft (< 8,4 ° dH) < 1,5 mmol/l	1 g/l water
Moderate (> 8,4 ° dH – 14 ° dH) 1,5 – 2,5 mmol/l	2,5 g/l water
Hard (> 14 ° dH) > 2,5 mmol/l	4 g/l water

Use: use the product pure.

Warnings:

When handling the product, observe the advice on the safety data sheet.

Technical features:

Appearance and color: yellow liquid
