

HARD BRUSH

Hard Brush by Fra-Ber is a hard-bristle brush for car washing, perfect for deep-cleaning and removing stubborn dirt from engines and wheels.

Main features:

- **Hard bristles:** they are intentionally hard to treat the most stubborn dirt and allow a vigorous mechanical action
- **Better flexibility:** thanks to the correct balance between bristle hardness and flexibility, cleaning can be tackled incisively without being too rigid
- **Resistant:** the bristles are designed to withstand and resist the effects of solvents and chemicals in general
- **Suitable for intense dirt cleaning treatments:** due to its characteristics, it can treat the wheel channel and remove dirt from the engine compartment
- **Easy to handle:** its unique shape allows effortless and immediate access to all parts
- **Non-slip handle:** the brush features a raised handle for a firmer grip, preventing it from slipping out of your hand
- **Suitable for long-time work:** thanks to the improved ergonomics of the handle it's easier to use and significantly reduces the effort required for the most demanding operations
- **Long Life:** thanks to maximum chemical resistance to cleaning agents and the quality of construction, the brush can last for a long time even if used regularly
- **Hang-ready:** thanks to the hole on the handle, it can be hung on a hook for easy drying
- **Size 20**
- **Total length:** 26 cm
- **Bristle length:** 5.7 cm
- **Net weight:** 97 g
- **Bristle material:** PA medium/hard bristles
- **Handle material:** PP
- **Label-free:** for safe use and to avoid leaving marks on the bodywork
- **Colour:** black.

How to clean the brush:

- We recommend washing it with warm or hot water using TEX;
- Do not use fabric softeners;
- Do not use bleach;
- Do not use any means to dry the bristles;
- Do not leave product residue to dry on the brush bristles.
