

LUSTRADRY

Description:

Lustradry by Fra-Ber is the ideal product for dry or waterless car washing with cleaning, polishing and protective properties. It can be used for wet and dry car washing. Main features:

- Waterless: its high-lubrication formula is ideal for waterless dry car washing and polishing;
- Cleans, protects and polishes: formulated with SiO₂, the product creates a protective barrier that leaves the bodywork smooth, polished and protected against weathering agents;
- Easy and quick: a fast-acting product that can be instantly used, serving as a valuable ally to swiftly clean your car no matter where you are;
- Leaves no streaks: it can be used on all exterior surfaces of the vehicle without leaving any streaks;
- Multi-format: it is available in both a 750 ml and 4.54 L format.

Direction for use:

We recommend using Lustradry as a rapid and waterless polish and cleaner. Main steps:

1. Proceed panel by panel in one limited area at a time
2. Spray the pure product onto the surface from a distance of about 15 cm
3. Leave the product to moisten the area and soften the dirt
4. Use 2 separate cloths for removing dirt and finishing
5. Wipe horizontally in one direction with the first damp cloth, lifting it gradually to remove the dirt
6. When cleaning is complete, wipe the vehicle with the second dry and clean cloth for finishing

In the case of mud or built-up dirt, traditional washing is recommended to avoid leaving marks on the body-work.

Use: use the product pure.

Warnings:

When handling the product, observe the advice on the safety data sheet.

Technical features:

Appearance and color: pink liquid

Odour: characteristic

pH: 7,1 ± 0,5

Flash point: > 100°C

Relative density: 1,03 g/cm³ ± 0,05

Solubility in water: soluble

Oil Solubility: partially soluble

Storage:

Unopened and stored away from direct sunlight and frost.
